**FOR MORE INFORMATION**  
**CUTR-ITS@USF.EDU**

The Nationwide Rail-Focused  
Experiential Learning  
Internship/Training Program  
is a USDOT Federal Railroad  
Administration project

## PROGRAM DESCRIPTION

In Summer 2026, the Consolidated Rail Infrastructure and Safety Improvements (CRISI) Program will provide three unpaid, one-week experiential learning internship/trainings for rail and ground transportation innovation at the Transportation Technology Center (TTC) in Pueblo, Colorado — a USDOT Federal Railroad Administration (FRA) facility managed and operated by ENSCO, Inc.

## PROGRAM HIGHLIGHTS

- Hands-on experience with real rail industry projects
- Network with leading transportation professionals
- Travel and lodging are fully covered

## WHO SHOULD APPLY

- Undergraduate or graduate students from a U.S. college or university
- Must have completed at least one year of college
- U.S. work authorization required
